

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

The Board of State Auditors convened at the capitol at 9 o'clock a. m.

Present: John W. Haarer, State Treasurer,

Augustus C. Carton, Commissioner of the State Land Office.

Minutes of meeting January 14 and 21, 1914, were read and approved.

The Board considered claims which had been presented for allowance.

Opinion of the Attorney General was received relative to certain claims of Jackson County against the State for expenses incurred by that county in the prosecution of cases against James Murphy, respondent, Joseph Davidson, respondent, and John E. Van Fleet, respondent, for offenses alleged to have been committed while the respondents were inmates of the State Prison, and also relative to the claim of Jackson County for one-half of the costs and expenses incurred and paid by that county in the grand jury proceedings in the circuit court in said county from March 1 to May 1, 1909, which said costs amounted to the sum of \$3,077.00, and, as a result of said grand jury proceedings, eighteen indictments were returned by the jury, nine of which were returned against Allen N. Armstrong for malfeasance in office while warden of the Michigan State Prison. The opinion held in substance that the claims for reimbursement on account of the prosecutions for offenses alleged to have been committed while the respondents were inmates of the State Prison were not valid claims against the State, and could not properly be allowed; but that the claim for reimbursement for one-half of the costs in connection with the grand jury proceedings was a valid claim, and that no legal objection existed that would prevent the allowance of the same. Thereupon, in accordance with said opinion the Board allowed claim No. 8739 at the sum of \$1,538.50, the same being one-half of the total expenses of Jackson county incurred in the grand jury proceedings, and disallowed claims No. 8736, 8737 and 8738 amounting in all to the sum of \$1,530.50 for expenses incurred in the prosecution of cases for offenses alleged to have been committed while the respondents were inmates of the State Prison. "Lansing, Michigan, June 24, 1914.

To the Board of State Auditors,

Gentlemen—Relative to the two cents increase which we are asking in our rate per diem for the ensuing year, will state that the same is made up of the following items:

It is our intention to build walks and roads at a cost of \$500.

Paint and renovate the chapel at \$500.

The general painting and renovating in and outside of various buildings—\$1,250.

Siding from the Grand Trunk Railway which is in need of repairs, and which the Grand Trunk engineers inform us at a low estimate will cost \$1,000. This item is imperative and must be met.

It is our intention to purchase necessary labor saving machinery for our engineer and roofer at a cost of \$750 and \$250, respectively.

We also must meet the premium on liability and fire insurance under the new law, which we estimate at \$600.

We find, too, that in order to keep employes it will be necessary to raise some salaries. It is estimated that this salary increase will total \$1,000.

We also wish to add to our staff a psychologist at a cost of \$1,200, and a eugenic field worker at a cost of \$1,200. This \$1,200 for field work is made up of \$900 in salary and \$300 in necessary traveling expenses.

It is also our desire to add to our staff a dentist. We believe we can get a proper man from the University for \$600.

The total of these various items is \$9,850.

We are asking an increase of two cents per diem which on an average of 1,150 patients, which we estimate will be our average population for the ensuing year, will amount to \$8,395, which you will please note is \$1,455 less than the added revenue from the increase per diem asked for.

Respectfully submitted,

President Board of Control,
Michigan Home and Training School."

This right is reserved by the State, in case of any default under this contract, to have any of the work covered by this contract performed by parties other than the said contractor, the cost of doing the same if over and above the contract price, to be borne by the said contractor.

PUBLISHING AND SALE OF MICHIGAN SUPREME COURT REPORTS.

Callaghan & Co., Chicago, Contractors.

For eight years from May 13, 1912.

Articles of agreement made and entered into this fifteenth day of November, A. D. one thousand nine hundred and eleven, between Callaghan & Company of the City of Chicago, State of Illinois, a corporation organized and existing under the laws of the State of Illinois, and duly authorized to do business in the State of Michigan, of the first part, and the State of Michigan by its Board of State Auditors of the second part.

Whereas, the party of the first part was the lowest bidder for the publication, electrotyping, printing, binding and sale of the Supreme Court Reports of the Supreme Court of the State of Michigan, and the contract therefor has been awarded to them for the publication, electrotyping, printing, binding and sale of said Reports for a term of eight years from and after the thirteenth day of May, one thousand nine hundred and twelve.

Now, therefore, in consideration of the premises, the party of the first part hereby covenants, promises and agrees, to and with the party of the second part, to publish, electrotype, print and bind, and within sixty days after receiving the final manuscript of any volume from the reporter, place the said Reports on sale in the city of Detroit and city of Lansing and such other places in Michigan as may be directed by the Judges of the Supreme Court in writing, in quantities sufficient to meet all demands, and shall thereafter at all times keep the same on sale to citizens of this State, at the places aforesaid, in suitable quantities, at a price not exceeding one dollar and forty-five cents per volume. Each of said volumes shall contain not less than seven hundred (700) nor more than seven hundred and fifty (750) pages of text, exclusive of table of cases and index, to be electrotyped and printed, and bound in good substantial manner and form, of good material for law books, and printed in not larger type, set in the same manner and of the same style and quality as volume thirty-eight (38) of the Michigan Reports in the State Library at Lansing, subject to the approval of the Judges of the Supreme Court, or a majority of them, and such approval in writing shall be filed with the State Librarian when the three hundred and fifty (350) copies of each report are delivered to the State Librarian as hereinafter required.

And in consideration of the premises it is further agreed, as follows:

That the party of the first part shall take out a copyright to and in the name of the Secretary of State of the State of Michigan for the use and disposal of the State of Michigan, upon each volume published under such contract.

That if it shall, on petition by any citizen of Michigan, be made to appear to the Judges of the Supreme Court, or any two of them, that the party of the first part has in any respect failed to comply with the provisions of this contract, said Judges may, upon hearing had in such manner as they may direct, declare the contract forfeited, and on such forfeiture being declared, said first party shall upon demand of said Board of State Auditors transfer to the Secretary of State of this State, for the use of the State, all the electrotyped plates of all volumes published under such contract, or in default thereof will pay to the Treasurer of the State of Michigan one thousand dollars for each such volume as liquidated damages for a failure to make such transfer.

That the party of the first part will, as often and as soon as any and every volume is ready for binding, deliver to the Secretary of State at Lansing, free of all charge whatsoever, a set of electrotype plates thereof, boxed and in good order for printing, or in default thereof the party of the first part shall pay to the Treasurer of this State the like sum of one thousand dollars as liquidated damages for a failure to deliver the same.

The said party of the first part further covenants and agrees that it will deliver to the State Librarian at Lansing, free of cost for publication or delivery, three hundred and fifty (350) copies of each volume of such Reports in good order; and that said three hundred and fifty (350) copies shall be delivered to the said Librarian before any copies are offered for sale, the object of this clause being to secure to said Librarian the first three hundred and fifty (350) copies of each Report printed under this contract; and that the party of the first part will also at the same time notify the Secretary of State of the number of copies of that report which he has printed; and said Librarian shall dispose of said three hundred and fifty (350) copies by distributing them as required by law, and for exchanges, and in such other way for the benefit of the State Library as the Librarian shall decide.

That after the stock of any volumes, the electrotype plates of which are owned by the State, shall have become exhausted, the said party of the first part shall have the right to print from the electrotype plates of all such volumes and shall print from them, and shall sell such Reports to the citizens of this State at a price not exceeding ninety cents per volume, and such Reports so printed from plates shall be marked on the title page thereof "Second Edition."

The original electrotype plates shall be at all times the property of the State of Michigan, and shall be kept in the possession of the Secretary of State, in the capitol at Lansing, subject to the right of the said party of the first part to use the same, during the term of such contract or until the same shall be declared forfeited as provided by Act 168, S. L. 1879, by complying with the following conditions:

When the said party of the first part desires to make a reprint of any Report, the said party of the first part hereby covenants and agrees to certify to the Secretary of State the number of volumes heretofore printed of that Report and the number sold, and shall also state the number of volumes of such Report it desires to print, and if said former edition is exhausted, and in no other case, the Secretary of State shall deliver to said contractor the plates of the Reports so requested, and said party of the first part shall print no more copies of such reprint than stated in his certificate to the Secretary of State; and in all other cases the said plates and all of them shall remain in the possession of the Secretary of State in the capitol at Lansing.

And the said party of the first part further covenants and agrees that it will print on the title page of each volume of the first edition of each Report the words "First Edition," and in the edition or editions printed from plates so as above secured from the Secretary of State, they will print on the title page of each volume thereof the words "Second Edition," and in like manner with each subsequent edition; and that on the back of each copy they will place the words "Michigan Reports," number of volume, "Vol.—," "1— to 1—," and name of Reporter.

And the said party of the first part further covenants and agrees to sell such Reports printed from plates so as above secured from the Secretary of State at a price not exceeding ninety cents per volume, this price to apply only to reprints of volumes published under and during the life of this contract.

And the said party of the first part further covenants, promises and agrees that it will supply the State of Michigan for State use only and not for sale or exchange, copies of the first twenty-six (26) volumes of said Supreme Court Reports, which are annotated and copyrighted by party of the first part, either singly or in sets, at ninety cents per volume.

This agreement is to be and remain in force for eight years from and after the thirteenth day of May, A. D. one thousand nine hundred and twelve.
